

Assembly Performance

On Monday 2nd March Grades 1C and 5C performed during the School Assembly. Grade 1C played claves with an upbeat tempo. They showed how they could keep up with a fast rhythm, and all with a smile and interesting actions. Grade 5C sang and acted out a favourite song called "Riding Round On Golfballs". It is about an ant who has some amazing adventures on a golf course. The children experienced another aspect of the Music program, which is performing to live audiences. Well done to everyone!
