

Prep- Space Artwork

Jack PC

Kasey PF

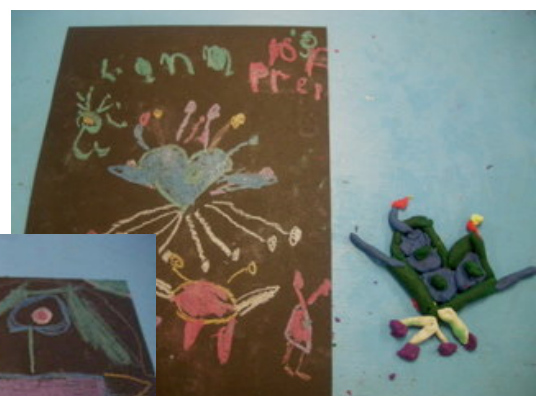

Lachlan PC

The theme for Visual Arts this term is **Space** to coincide with our Music Festival. The prep children have been exploring colour and shape using metallic pastels and have drawn an alien. They were then able to gather ideas from their picture and use coloured play dough to make their alien come to life!!

They have been contributing to classroom discussions about the art work they have made and experienced exploration of ways that shapes, colours and images are used.
